Willow Beach Park Revitalization – Project update for nearby residents

Dear neighbour,

The Town of Georgina is moving forward with the Willow Beach Park Revitalization Project, an exciting initiative to enhance one of our community's most valued waterfront parks.

This project builds on the Town's Waterfront Parks Master Plan and will transform Willow Beach Park into a more accessible, functional and enjoyable space for the community.

Description:
The revitalization will focus on improving how people access and experience the waterfront. Planned enhancements include:

- A new lakefront promenade and widened beach area
- Safer, more accessible connections between green space and the shoreline
- A more people-focused park layout, prioritizing pedestrians and public space
- Upgrades to park infrastructure including a new playground, multipurpose sport courts, more parking, year-round washrooms and changerooms facilities, pathways and lighting

The revitalization will help ensure the park continues to meet community needs now and into the future.

Duration:
Fieldwork will occur intermittently from May through June 2026.

What to expect:
The project is starting the detailed design and environmental assessment phases, supported by technical studies and site investigations. Preliminary site investigations will include land surveying, traffic studies, arborist assessments, utility locates and geotechnical investigation work. Residents may notice periodic on-site activity as this work progresses.

Residents may experience some noise and temporary, localized disruptions in the park and parking lots while contractors are on-site. All activities will take place on weekdays during regular business hours. There will be no impacts to visitors on weekends or evenings.

Project timeline:
Design and planning work is underway and is expected to continue until spring 2027. Residents will be invited to a Public Information Centre this summer to share your thoughts on the project. Construction is anticipated to begin in summer 2027.

We appreciate your interest and support as we work to enhance Willow Beach Park. If you have any questions or feedback, don't hesitate to reach out to the project manager, Courtney Rennie, at cerennie@georgina.ca or 905-955-1887. You can also visit the project webpage to learn more at georgina.ca/**WillowBeach**.
